

GLP Training is dedicated to helping businesses and learners make the most of their apprenticeships. Passionate about what we do and how we do it, our ethos is based around delivering exceptional service to both clients and learners, whilst providing a truly personal, bespoke service, rather than the off-the-shelf products provided by many training providers.

We are a growing, national company and our aim is to become the provider of choice for companies looking for a personal, tailored approach for their apprenticeship programmes.

SUPPLY CHAIN PRACTITIONER / LEVEL 3

Course overview

This will give you an awareness of how to carry out a range of moving, packaging, stock-taking roles and various duties within a warehouse environment.

Suitability

This course is suitable if you are working in one of a variety of warehouse environments which deal with mostly Fast Moving Consumer Goods (FMCG).

Fees

The fees for this course are £15,000.

Eligibility

Apprenticeships are available to people of all ages, who are either new to a role or looking to enhance their knowledge and skills within an existing role.

Career progression

Completing this apprenticeship can lead to senior management roles within the industry with opportunities to work abroad.

Duration

The apprenticeship will take a minimum of 30 months to complete, followed by an end-point assessment, taking place soon afterwards. This will be whenever you, your trainer & employer all feel you are ready.

SUPPLY CHAIN PRACTITIONER / LEVEL 3

Learning Outcomes

Upon completion of the qualification, apprentices will be able to showcase the following skills, knowledge and behaviours:

Skills

- Prioritise the flow of FMCG products
- Lead and participate in everyday problem solving
- Use continuous improvement techniques
- Development of Standard Operating Procedures
- Interpret constantly changing data sets
- Use IT systems for the supply chain
- Analyse large amounts of data to identify key trends
- Manage and escalate risks to the business

Behaviours

- Safe working
- Responsiveness to change
- Pride in work
- Have courage/conviction
- Building relationships
- Tenacious approach to problem-solving

Knowledge

- End-to-end characteristics and processes of the FMCG supply chain
- Critical supply chain key performance indicators
- Key legislation, policies and procedures that influence the supply chain
- Information technology (IT) systems for the supply chain
- The key principles of Continuous Improvement (CI) Management and Problem Solving
- The principles of capacity planning
- Forecasting
- Plan manufacture
- Customer Service
- Logistics

Delivery

The training is a blended learning delivery model, which takes place in the work place during working hours, wherever this may be, according to the apprentices role. This consists of:

- 1 to 1 monthly meetings of approx. two hours with a GLP trainer (face to face or telephone)
- On-line learning courses and/or group sessions
- Building an electronic portfolio of work-related evidence
- Maths and English at Level 2 (if not previously achieved)
- 20% of time at work to be spent working towards apprenticeship
- End Point Assessment (EPA) by an external examiner to complete qualification, consisting of: knowledge test, portfolio-based Interview & project presentation
