PROGRESS

GLP Training is dedicated to helping businesses and learners make the most of their apprenticeships. Passionate about what we do and how we do it, our ethos is based around delivering exceptional service to both clients and learners, whilst providing a truly personal, bespoke service, rather than the off-the-shelf products provided by many training providers.

We are a growing, national company and our aim is to become the provider of choice for companies looking for a personal, tailored approach for their apprenticeship programmes.

BUILDING SERVICES ENGINEERING SERVICE AND MAINTENANCE ENGINEER LEVEL 3

Course overview

This course will give you a firm understanding on the scope and duties of a Building Services Manager/Supervisor.

Suitability

This course is suitable if you are currently or shortly due to manage a team of building service engineers as well as planning and completing a range of maintenance work encompassing industrial and commercial building services engineering systems such as ventilating, heating, water supply, waste (effluent discharge) and drainage.

Professional qualification included

During the apprenticeship, you are required to achieve the Level 3 Heating and Ventilating Craftsperson qualification.

Eligibility

Apprenticeships are available to people of all ages, who are either new to a role or looking to enhance their knowledge and skills within an existing role.

Career progression

This apprenticeship provides an ideal entry into the occupation and supports progression within the sector.

Duration

The apprenticeship will take a minimum of 48 months to complete, followed by an end-point assessment, taking place soon afterwards. This will be whenever you, your trainer & employer all feel you are ready.

Fees

The fees for this course are £18,000.

BUILDING SERVICES ENGINEERING SERVICE AND MAINTENANCE ENGINEER LEVEL 3

Learning Outcomes

Upon completion of the qualification, apprentices will be able to showcase the following skills, knowledge and behaviours:

Skills

- Applying relevant safety legislation
- Planning, preparing and working sustainably
- Undertaking and finishing planned and reactive maintenance

Behaviours

- Communication
- Working effectively and efficiently
- Taking responsibility
- Managing tasks
- Working with others
- Working Ethically

Knowledge

- Working safety
- Working sustainably
- Planning and preparing
- Undertaking planned and reactive maintenance

Delivery

The training is a blended learning delivery model, which takes place in the work place during working hours, wherever this may be, according to the apprentices role. This consists of:

- 1 to 1 monthly meetings of approx. two hours with a GLP trainer (face to face or telephone)
- On-line learning courses and/or group sessions
- Building an electronic portfolio of work-related evidence
- Maths and English at Level 2 (if not previously achieved)
- 20% of time at work to be spent working towards apprenticeship
- End Point Assessment (EPA) by an external examiner to complete qualification, consisting of: knowledge test, portfolio-based Interview & project presentation
